Eight or ten new houses have been erected in the last few days.—Walterboro Press and Standard. Would we could say it here.

Listen to the Edgefield Chronicle and wonder what he knows about it: "When a woman can fix over her last winter's hat so that not even her worst enemy will have the ghost of chance to recognize it—that's genius."

Crowds coming from the big football game and crowds going to a big church wedding on the same evening enlivened the town Friday evening, showing that there is life in the old land yet. More to follow.

Mr. Martin, he of the Fridy Ford Motor company, met with a near-break of the arm a few days ago in the kick of the crank of the car. He got his arm badly sprained. When a man who deals in automobiles gets a kick like that it is as bad as "Maud" kicking her master. Common, ordinary individuals better be careful in cranking cars.

State Detective Chas. S. Wesson has handed in his resignation to Governor Manning, the governor having requested the same. The governor writes Mr. Wesson that resignation was no reflection on him.

Sumter Herald in noting the resignation of Mr. Jno. K. Aull as secretary to Hon. Jno. L. McLaure, State warehouse commissioner, to devote his entire time to the Columbia bureau of the Charleston American. He will prove a valuable asset to the American, as the reporter for The Herald and News knows him to be about the best newspaper man in the country from the standpoint of all-round ability. A man who can make his typewriter fairly hum with the transcription of his own swiftly flying stenographic notes, couched in the choicest English and polished with correctness in every particular, would be a valuable asset to any newspaper.

BLUE BIRD

Photo Plays Inc Presents

"The Girl of Lost Lake"

— WITH —

Myrtle Gonzalez, Val Paul and George Hernandez

A romantic drama of the great outdoors.

"If it's a BLUE BIRD---it's got to be good"

DR. CRIMM

Will remain in Newberry until Saturday evening, November 4th. Office up stairs over J. A. Burton's real estate office opposite Herald and News building.

To whom are you to entrust your children's and your own eyes? Will you let anybody experiment with your precious sight? Of course "anybody" can "put on" a pair of glasses on you, but to examine eyes and fit you with proper glasses takes a skilful eyesight specialist, a man who devotes his whole time to the study and practice of the eyes.

Dr. Crimm has been fitting glasses to the good people of Newberry and county for the last 17 years with great satisfaction. Seventeen years fitting glasses in one community is a guarantee in itself of skilful, expert, reliable eye work.

Little Miss Mamie Sloan, right here from Newberry, who suffered from headache and eye strain, writes to Dr. Crimm under date of April 23d.

"Dr. Crimm: The glasses you fitted me certainly have cured my headache and have given me perfect service in my studies at school."

What Dr. Crimm has done for Miss Sloan he can do for you and your child.

I have my own grinding plant and will sell you the best quality lenses for less than you pay for "cheap stock" glasses.
